## UNPACKED

DECEMBER 2017 | EDITION 3

## TAMPER EVIDENT

There is a growing trend for food packers, processors and consumers to desire tamper evident products for packing and selling foodstuffs, so that possible contamination of contents is eliminated. We have a range of tamper evident (TE) products starting from as small as 125 g and moving up to 1 kg / 5 kg.

## PACKING THEM IN!

Cutlery packs are a cost effective way of reducing wastage and retaining high standards of hygiene. We have seen significant growth in our sales of such packs, with our most popular being a pack of six items – knife, fork, salt, pepper, serviette and teaspoon.

Ask one of our friendly sales staff to provide you with a quote, and if you have a special requirement we will do our best to create a pack that suits your need.

## NEW PRODUCTS

Kraft salad bowl & lid

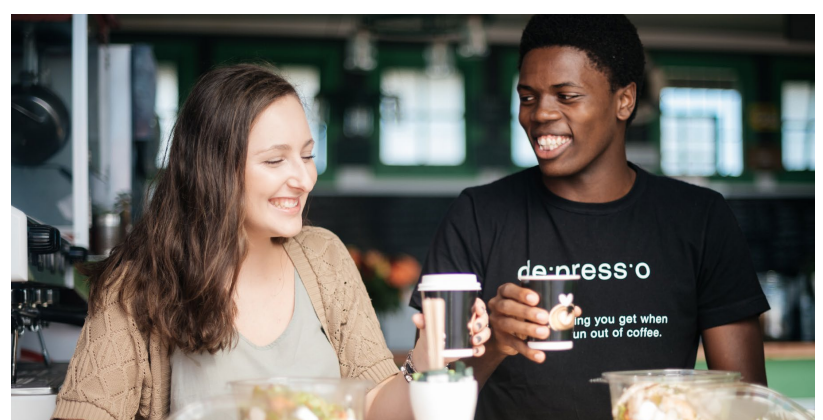

Enjoy cups available in mixed colours in a sleeve: 250 ml, 350 ml, 500 ml & 650 ml.

We wish all our customers and suppliers, as well as their staff and ours, a peaceful, safe and enjoyable festive season and a happy new year!

**Thank you all for your support in 2017.**

**We will be open through the holiday season, closing only on the public holidays and early on the 22<sup>nd</sup> December and 29<sup>th</sup> December at 1pm.**
