

UNPACKED

FEBRUARY 2017 | EDITION 2

NEW AND IMPROVED CONVENIENCE FOR YOU

A warm hello and best wishes to all our customers, suppliers and partners. We hope that you all enjoy a fantastic 2017.

A "DASH" OF COLOUR

Introducing our new "Dash" range of colour glasses. They are made from polypropylene and are available, at the moment, in blue and pink, in 350 ml and 500 ml sizes. In March 2017 we will have a 250 ml size available, as well as some additional colour options.

If you have a specific colour in mind please contact one of our friendly sales staff to assist you. With a very low minimum run quantity of around 8000 units, the opportunities are exciting and varied – and of course the glasses are available in clear, in 250 ml, 350 ml and 500 ml sizes.

LID WITH A DIFFERENCE

Our new LP83LID fits the "Dash" range of clear and colour 250 ml and 350 ml glasses and boasts a new tamper-evident straw hole. The high lid and straw hole helps avoid spillages and unwanted leakage, which is perfect for those on the go! From restaurant to takeout, whether you are serving hot or cold, these are the way to go to deliver value.

EASTER SEASON IS APPROACHING

Get your trays for your steaming mouth-watering hot cross buns from LP Agencies. Packaging is essential to preserve freshness, guarantee security and boost the presentation of the product. Our trays offer breathability and prevent unwanted condensation on your food product. So get baking!

THAT'S A WRAP

We're excited about our new additions and we hope you are too! We are constantly looking at new ways to cater to all your packaging needs. Feel free to get in touch with us.
