Distributors of Disposable Food Packaging
AGENCIES
& Food & Hygiene Products

WE ARE THE FULL PACKAGE!

LP Agencies is a long-established distributor and supplier of disposable food packaging, catering disposables and sundries, cleaning and hygiene products, as well as foodstuffs. Our business aim is to reliably and continually provide a professional service offering customers what they want when they want it.

We serve a wide range of hospitality, food processing and food service customers including caterers, fast-food outlets, coffee shops, restaurants, hotels, food manufacturers and pre-packers, event organizers, stadiums, supermarkets, canteens, office blocks, schools, churches, home industries, as well as wholesalers and distributors.

COMPOSTABLE

LP AGENCIES PRODUCT CATALOGUE

Earthmate™ is a distributor and supplier of environmentally friendly and sustainable disposable foodservice products.

Our aim is to increase awareness and use of these sustainable foodservice products, whilst reducing dependence on products which are less environmentally and earth friendly.

There is a noticeable trend in food packaging towards being environmentally friendly and as renewable as possible, and with Earthmate™ we are moving and assisting customers in that direction.

Earthmate™ sells and distributes biodegradable, compostable and recyclable single use foodservice products such as meal containers, hamburger boxes, plates, bowls, cutlery, straws, cups, carrier bags and other such items.

Raw materials used in the production of the Earthmate™ range vary from bagasse, PLA, CPLA, bamboo, paper and board.

Earthmate™ foodservice packaging products are:

- Environmentally friendly
- Made from sustainable renewable resources that are biodegradable and /or compostable; or
- Are recyclable;
- Designed to replace less environmentally friendly single use packaging

Do your part in protecting the Environment by choosing our new **Eco-cartons!** They're as versatile as traditional cartons, but, because they are made from renewable sugarcane pulp, they're **100% biodegradable.**

A black disposable coffee cup with a black lid is positioned on the left side of the frame. To its right is a brown cardboard meal container, which is open and shows its interior. The background is a wooden surface with a visible grain. The text "MEAL CONTAINERS" is centered over the cardboard container. There are some decorative elements: a green circle on the right side of the container, a green diagonal line above it, and a green diagonal line below it. A series of small dots forms a grid-like pattern on the right side of the container.

BLADE

Sliding Blade

Product Code:

300mm: FRWPSB300

DISPENSER

Plastic Dispenser with 100m Roll

Product Code:

FRDIS

A red squeeze bottle and a small glass bottle are placed in a blue plastic basket. The background is blurred, showing what appears to be a food stall or market setting. The image is overlaid with decorative geometric shapes: a large grey circle, a smaller orange circle, and several thin lines and dots in grey, orange, and teal.

BEVERAGES, SACHETS, SAUCE & CONDIMENTS
